'MAKE IT SAFE'

Albany School Bond Issue

By MAX GROSZ
Everyone finds it from time to time necessary to replace a relatively expensive household item. The water heater may go out, the roof might leak, the refrigerator might not function, the brakes of the car might not hold; it might become urgent to add a room or two to the family dwelling. The cost of replacement is usually

not budgeted for, and financing becomes necessary. When health and safety of the family are involved, when the fault could lead to a dangerous accident, then no time can be lost to replace the item in question.

A similar situation exists when school buildings become inadequate due to age or unsafe by modern standards. Like the conscientious householder who provides for the safety and welfare of his children, so is our city forced to a decision to remake the high school. The city is depending on every citizen of age to make the decision and to commit himself to construct the badly needed school buildings.

That the need exists is proven beyond doubt. The positive decision of the voters is necessary to make the financing possible. The outcome at the polls should not be in doubt because the safety of our children and adolescents is at stake.

ALBANY NAMED WINNER OF NATIONAL C OF C FIRE SAFETY CONTEST

Today is a proud day for Albany. A telegram followed by a news bulletin announced the names of local chambers of commerce who, by coordinating an entire community effort, won an award for their community in the Annual National Inter-Chamber Fire Safety Contest and the name of Albany, in Class VI, under 20,000 population, led all the rest.

This marks the 40th years that the National Chamber of Commerce of the United States has sponsored the National Inter-Chamber Fire Safety Contest which aims to stimulate community interest in fire prevention. Fire safety awards are made to local chambers of commerce for outstanding achievement in building year-round programs to reduce the loss of life and property by fire.

Communities are judged by national fire prevention experts on their fire loss records for the year as compared with the preceding five years, and on their fire safety programs.

Class awards and honor awards are made according to the population of the communities they serve. The winners were: Philadelphia, Pennsylvania, with over 500,000 population; Norfolk, Virginia, 250,000 to 500,000 population; Providence, Rhode Island, 100,000 to 250,000 population; Hayward, California, 50,000 to 100,000 population; Wausau, Wisconsin, 20,000 to 50,000 population; and Albany, California, under 20,000 population.

The award will be made to Albany at the 51st Annual Meeting of the Chamber of Commerce of the United States April 28, at Washington, D.C.

Gerald Brown Will Receive Award

The Albany Chamber of Commerce adopted a Resolution Tuesday morning, April 9, to underwrite the expense to send Gerald Brown, Albany Fire Chief, to Washington, D.C., to receive the Chamber of Commerce of the United States National Award for Fire Safety.

Of all cities in the United States with population under 20,000, Albany has been selected for the award. Chief Brown will, in all likelihood, leave for the National Capitol on April 27.

Resultant of the local Chamber action, \$50.00 in personal contributions were donated toward this objective. Jim Williams, president, has announced that any merchant or citizen who would like to contribute to the Travel Fund for Chief Brown can make checks payable to the Albany Chamber of Commerce, 1108 Solano Avenue.

Mrs. Eldon Wolf New President Albany High PTA

Mrs. Eldon Wolf has been elected as president of the Albany High School PTA for the 1963-64 term. She has been active in Albany Parents and Teachers Associations for twelve years, serving both at Marin School and the High School for twelve years.

Other officers elected at the March general meeting were: Mrs. Max Grosz, first vice president; Mrs. Frank McKenna, second vice president; Mrs. William Koser, third vice president; Mrs. Michael Silvester, recording secretary; Mrs. Albert Kister, treasurer; Mrs. Orville Hendrickson, auditor; and Mrs. Lee Seidell, historian.

Legion Plan Okayed By Council

The Albany City Council went on record Monday night, April 8, in concurrence with the American Legion plan to sponsor a contest in the local high school for the design of a flag and official seal for the City of Albany.

The Council also requested City Attorney Larry B. Saler to draw up a Resolution of Commendation for the Albany Fire Department for their service to the City which resulted in the national award from the Chamber of Commerce of the United States for the Fire Safety Program. Albany was the only city in the United States with population of 20,000 or under to win the award.

Other Council business included:

A request from Josef Hill to open his restaurant for high school activities on week ends. The request was referred to the City Attorney and the Police Chief for opinion, as there was a question whether the Council could endorse a commercial venture over which they would have no control.

Authorization for James B. Turner, Administrative Officer to prepare a Resolution of execution of agreement with U.S. Department of Agriculture for property in connection with Buchanan Street project.

Denied the request for Building Permit by Franklin L. Johnson, waiving any defects that would exist in Appeal. The Building Permit would permit Johnson to enclose a front porch in an area with set back averaging 20 feet.

CTA Selects M. Gilchrist For Mexico

An Albany High School teacher is going to Mexico this summer to assist in a pioneering project of cooperation with Mexican schools.

One of fifteen, in a project developed by the California Teachers Association, Miss Margaret Gilchrist will help Mexican instructors in rural secondary schools to teach English.

Stephen B. Reichert Jr., staff consultant for the CTA International Relations Committee, said officials of the Mexican Ministry of Education are enthusiastic about the project and are now helping select schools.

"It is, of course, our hope," said Reichert, "that this pilot program will show the way to a greatly expanded program of educational cooperation with the Republic of Mexico. The fifteen teachers we have selected are outstanding among the 130,000 members of CTA. We feel sure they will give a good account of themselves."

Miss Gilchrist is Spanish instructor at Albany High School. She has been with the Albany Unified Schools for thirty-two years, and is a past president of the Albany Teachers Association.

SCIENCE FAIR WINNER — Kevin Glading, a student at Albany High School, was awarded first prize among the 9th Grade Physical Science exhibits at the Tenth Annual San Francisco Bay Area Science Fair. Kevin's project is entitled "Proton Magnetic Resonance".

Union Good Friday Services from 12 noon to 3 p.m. at four local churches will again be sponsored by the Berkeley-Albany Council of Churches. Services will be held at Durant Avenue United Presbyterian Church, the First Congregational Church, Pro-

gressive Baptist Church, and Thousand Oaks Baptist Church. Clergymen of the various local churches will participate. People are free to come for part or all of the service.

EL CERRITO MINISTERIAL ALLIANCE
The ministry of Jesus reached a climax at His execution. For centuries Christians have set aside the Friday before Easter as a time to think through the meaning of that event and respond through worship. Five churches of the El Cerrito Ministerial Alliance will join the Christian world in this observance at community services. This will involve six ministers representing the Methodist, Presbyter-

COLORING CONTEST AWARDS

A record number of entries poured into the merchants sponsoring the first Easter Coloring Contest for young local artists. The sponsors were pleased and gratified with the results, and have decided it should become an annual event.

As with the Christmas Coloring Contest, it is questionable who has the most fun — the merchants or the young artists. The merchants have their own intricately simple methods of judging. Some sit down with businesslike precision and judge entries with quiet admiration for the imagination and talent displayed by the contestants. Others draft customers and clientele to assist with the final selection. Others call for outside help so the decision can be reached with objectivity. As one sponsoring merchant said: "They all look like first prizes to me!"

The winners:

Pre-School Has Easter Party

Rain didn't dampen the spirits of the Albany pre-schoolers as they attended the annual Easter party at the Pre-school on Masonic Avenue, Friday, April 5.

As the children arrived, rain gear was quickly put away and frilly dresses, colorful sweaters and jackets, and shiny Sunday shoes emerged adding a colorful pre-Easter Parade touch in harmony with the occasion.

Both sessions of the pre-school held their party in the morning, participating in the Easter Egg Hunt followed by a treat of ice cream and cookies.

As each child left the party, he received an Easter Basket to take home.

Eggs and candy for the party were contributed by the Albany Recreation Department. Pre-school mothers colored the eggs and provided the refreshments.

HOT DOG!

Kensington PTA Moms Have Unique Benefit Program

The hot dog goes to the head of the class each Wednesday noon at Kensington Hilltop School when volunteer PTA mothers cook and deliver them warm, individually wrapped and as ordered with mustard, catsup or plain. Supervising the operation is Mrs. Donald W. Stallings, Kensington PTA hot dog chairman for 1962-63. Mrs. Stallings' enthusiasm has gone beyond the serving of a fresh, hot hot dog in what she has designed, sewn and hand decorated wrap-around aprons for each of her working mothers. The kitchen is run very efficiently as Mrs. Stallings schedules and supervises the 48 mothers participating throughout the year. Approximately 700 hot dogs are prepared each week.

The hot dog project is by far the best fund raiser of the year and the money is used for the benefit of the children. This last year hot dog money was used to supply buses in order that Kensington students could attend the Youth Symphony at Richmond Auditorium and has helped to purchase, among others, the following items: music for the band sponsored by the Kensington Community Council, music books for the choir, playground equipment and occasional treats for the recreation program, books for the PTA-staffed library, enrichment materials such as foreign language textbooks and

teaching aids, kindergarten reading-readiness teaching aids, geometry for the primary grades and spelling books.

The following mesdames assist with the hot dog program: Sho Sato, Keith Parker, Bruce Powell, Richard Murray, Kent Zimmerman, Robert Hansen, Ted Emmonds, Alan Frankel, L. H. Spencer, Jack Rails, Stuart Lovelace, James Sysham, Charles Crain, Charles Greene, Donald White, Charles Corbitt, Alois Jaeger, Harold Johnston, Marsden Price, George Larsen, Edward Klekman, Donald Sisk, Joseph Groden, Charles Sellers, Richard Zettel, Paul Naghdi, Walter Smith, Howard Mitchell, Charles Thomas, E. What did washers have in 1933 that they don't have today?
Answer: They had higher-priced power . . . because PG&E prices are 8% lower today* than 30 years ago. (So how come your bill is bigger now? Just because you're using more and better appliances these days.)

how many folks phone Long Distance every week or so, these days. Must be because a Long Distance call is so fast and so much fun. Or possibly because nighttime station-to-station rates are so reasonable. Or is it because nothing says you like your voice?

East Bay Water's symbol provides: A grand design for Eddie's future.

That "Pure Water" insignia Eddie Alan is copying from an East Bay Water truck symbolizes our determination to make everything connected with your water system clean, modern, and efficient.
Eddie probably doesn't realize it, but this symbol will have a mighty important place in his future. It means that he, along with your children, will always have plenty of pure water at the lowest possible cost. Nice to know, isn't it?

Exchange Students Exchange Places

A temporary exchange of foreign students took place recently when Helene Uddgren, guest of the Mills family in Ross, visited Albany for a week and Thirly Dadachanji, guest of the Max Grosz family of Albany, replaced her in the Marin County area.

Both girls have been brought

to America by the American Field Service. Helen, from Stockholm, Sweden, is spending a year in Ross attending Redwood High School. In Sweden, she attends Gymnasium School and plans on attending the University after graduation. During her week in Albany, she was a student at Albany High School.

While Helene was in Albany, Thirly went to Redwood High School and stayed in Larkspur.
